

JVA Electric Fence Beeper

PTE0221

Overview:

The JVA Electric Fence Beeper is a novel device which simply beeps when in close proximity to an electric fence wire. Depending on the fence voltage, it will beep from about 20cm away from the wire.

Features:

- Place the JVA Electric Fence Beeper on your key ring and never be bitten by that fence you thought was turned off!
- The Beeper's small size makes it great for the ute, quad bike, truck or just in your pocket!
- Note, this is NOT a Fault Finder, for that you will need a JVA Fault Finder (PTE0129)

Warranty:

1 Year Manufacturer Warranty
