

JVA 20W Solar Kit

PTE2270

Overview:

The JVA 20W Solar Kit is a quick, easy way to have a portable solar fence energizer. Simply secure the panel on any star picket, attach any 12V lead acid battery, and connect to your JVA MB1.5 Energiser (or similar). No assembly or tools required - bracket includes star picket and JVA energiser mounting points.

Features:

- 20W Solar panel
- 12A Solar regulator included
- Works in areas of low sunlight
- Connects to any 12V lead acid battery*
- Sturdy aluminium construction
- No tools required
- No assembly required
- Quick simple set-up
- 3 year warranty

*JVA recommends an old car battery. Re-use, reduce, recycle!
