

LCD Keypad

Part No.: PTE0210

The JVA LCD keypad can be connected to any energiser or monitor in the Z range of JVA products. Up to three keypads can be used on a system to allow the security fence installation to be controlled and monitored from various locations. The keypad is also required to configure Z series energisers by programming the various options.

Benefits:

- Simple menu based interface
- User and Installer PIN codes
- Backlit easy to read LCD display
- Displays fence voltages for each zone
- Automatically displays high priority status messages for each zone
- Allows multiple energisers or monitors to be controlled and monitored from one location
- Sounds an audible alert on alarms
- Powered from the keypad bus (no external power adapter required)
- User defined zone labels

Specifications:

Maximum	Bus Length:	800m
Size	Height:	113 mm
	Width:	163 mm
	Depth:	30 mm
Weight	Product:	0.26 kg
	Packed:	0.32 kg

Package Contents:

- LCD keypad

Warranty: 3 Years. Excludes lightning damage.
